

Dear Parents/Guardians

In the present scenario, the children are under lockdown! They are supposed to be out there... running and playing with their friends but unfortunately, their movement is restricted within the four walls of their homes.

Looking into the need of the hour, it is now that we should find out ways and means to keep them actively engaged. As the saying goes, "Learning never stops" and "The show must go on"---- DPS Bhilai, Junior Wing teachers have decided to maintain the continuity of the flow of knowledge, through the online Teaching Learning Platform. Our initiative would thus help the parents in keeping their children not only busy and engaged productively but also make learning fun.

The online Teaching learning activities will commence on 03 April 2020 through the WhatsApp group of each class/section. [Guidelines appended below] Parents are hereby requested to see that their wards attend the lessons and complete the given assignments on a regular basis.

Note: Our Teachers are not online Video experts. They have prepared the lessons and the assignments out of love for their children, with the limited resources available at hand. We hope that you respect our humble efforts towards the cause of the children, during these difficult times. Parents are kindly requested to avoid sharing or posting these videos on different platforms to prevent their misuse.

Let us all support the National Lockdown and contribute our bit towards the fight against COVID-19. STAY HOME STAY SAFE.

With regards
