**SECTION – A : READING (16 MARKS)**

A.1 Read the passage given below and answer the questions that follow: (1X8=8)

**LIFE IS BEAUTIFUL**

1. My childhood had always been a sheltered one. My parents along with my teachers, tried to instill good ethics in me. But sharing was one moral value which I was never comfortable with. "Why should I give?" was my question. I could not understand the value of sharing at that time.
  2. During one vacation to my hometown, I was at the railway station with my parents. As we were waiting for a train, something caught my attention. Two small children, perhaps siblings, were seeking alms nearby. Though they appeared at ease, I was shocked by their overall untidiness.
  3. When they approached us, my father promptly gave the older one, some money. Those were the days when I was constantly reminded of the virtues of 'sharing' things with others. So, when my mother nudged me, I knew why and the look my mother gave me, confirmed. I had a pack of my favourite chocolates in my pocket, and even though, I pretended to have forgotten about it, she remembered them. I was devastated. With a heavy heart I fished out one and placed reluctantly on the outstretched hand of the girl. She flashed a smile and the duo moved on. But my gaze never left them as I wanted to know about the fate of my chocolate. I kept on observing them.
  4. After a while I saw her unwrap it. She then did something which moved me. Without a moment's hesitation, she put the chocolate in her brother's mouth and watched his face brighten up as he savoured it. Her action puzzled me. Why did she not eat it herself? Regret and shame overcame me when I realized that I had deliberately given only one chocolate. I quickly decided to give her one more chocolate voluntarily. Strangely, my action made me feel better than I had thought. I felt contented.
  5. As our train approached the station, the girl rushed to give me something. It was a small paper doll which she had made with the wrapper of the chocolates. I was speechless. Was she trying to convey a "Thank you"? That little girl taught me the joy of sharing and also answered one big question of "Why should I give"? I now ask 'Why not', as sharing is all about loving. Happiness abounds when shared. Years have rolled by and I still cherish that valuable lesson I learnt during that vacation. Sometimes life teaches us things we fail to learn from classrooms. I still think of that girl and her brother and wonder where they would be now... Those sparkling eyes and beautiful smile. They taught me the joys of sharing.

**PAPER BOATS**

1. Day by day I float my paper boats one by one down the running stream.  
In big black letters I write my name on them and the name of the village where I live.
2. I hope that someone in some strange land will find them and know who I am.  
I load my little boats with shiuli flowers from our garden, and hope that these blooms of the dawn will be carried safely to land in the night.

Contd...2

3. I launch my paper boats and look up into the sky and see the little clouds setting their white bulging sails.  
I know not what playmate of mine in the sky sends them down the air to race with my boats!
4. When night comes I bury my face in my arms and dream that my paper boats float on and on under the midnight stars.  
The fairies of sleep are sailing in them, and lading in their baskets full of dreams.

प्रश्न 1. निम्नलिखित अपठित गद्यांश को ध्यानपूर्वक पढ़कर इसके आधार पर सर्वाधिक उपयुक्त उत्तर वाले

विकल्प चुनकर लिखिए-

(1x5=5)

पड़ोस सामाजिक जीवन के ताने-बाने का महत्वपूर्ण आधार है। दरअसल पड़ोस जितना स्वाभाविक है, हमारी सामाजिक सुरक्षा के लिए तथा सामाजिक जीवन की समस्त आनंदपूर्ण गतिविधियों के लिए वह उतना ही आवश्यक भी होता है। यह सच है कि पड़ोसी का चुनाव हमारे हाथ में नहीं होता, इसलिए पड़ोसी के साथ कुछ-न-कुछ सामंजस्य तो बिठाना ही पड़ता है। हमारा पड़ोसी अमीर हो या गरीब, उसके साथ संबंध रखना सदैव हमारे हित में ही होता है। पड़ोसी से परहेज़ करना अथवा उससे कटे-कटे रहने में अपनी ही हानि है, क्योंकि किसी भी आकस्मिक आपदा अथवा आवश्यकता के समय अपने रिश्तेदारों अथवा परिवार वालों को बुलाने में समय लगता है। यदि टेलीफोन या मोबाइल की सुविधा भी है तो भी कोई ज़रूरी नहीं कि उनसे समय पर सहायता मिल ही जाएगी। ऐसे में पड़ोसी ही सबसे अधिक विश्वस्त सहायक हो सकता है। पड़ोसी चाहे कैसा भी हो, उससे अच्छे संबंध रखने ही चाहिए। जो अपने पड़ोसी से प्यार नहीं कर सकता, उससे सहानुभूति नहीं रख सकता, उसके साथ सुख-दुःख का आदान-प्रदान नहीं कर सकता तथा उसके शोक और आनंद के क्षणों में शामिल नहीं हो सकता, वह भला अपने समाज अथवा देश के साथ क्या खाक भावनात्मक रूप में जुड़ेगा। विश्वबंधुत्व की बात भी तभी मायने रखती है जब हम अपने पड़ोसी से निभाना सीखें।

(1) पड़ोस का सामाजिक जीवन में क्या महत्व है ?

(घ) इनमें से कोई नहीं।

(3) 'जो अपने पड़ोसी से प्यार नहीं कर सकता ..... वह भला अपने समाज अथवा देश के साथ क्या खाक भावनात्मक रूप से जुड़ेगा।' ऐसा क्यों कहा गया है ,

(क) क्योंकि देश के प्रति प्रेम की प्रक्रिया पड़ोस से शुरू होती है।

(ख) क्योंकि व्यक्ति और देश का संबंध दूर-दूर तक नहीं है।

(ग) क्योंकि व्यक्ति, पड़ोसी और देश एक-दूसरे से संबंधित नहीं हैं।

(घ) जो पड़ोसी से प्यार करता है वह अच्छा देश-प्रेमी होता है।

There were two main systems of indigo cultivation – nij & ryoti. Within the system of nij cultivation, the planter produced indigo in lands that he directly controlled.  
Under the ryoti system, the planters forced the ryots to sign a contract, an agreement (satta). Those who signed the contract got cash advances from the planters at low rates of interest to produce indigo. But the loan committed the ryot to cultivating indigo on at least 25 percent of the area under his holding.

The planter provided the seed and drill while the cultivators cultivated indigo. When the crop was delivered to the planter after the harvest a new loan was given to the ryot. Peasants who were initially tempted by the loans soon realised how harsh the system was. The price they got for the indigo they produced, was very low and the cycle of loans never ended.
